PROFILE

Enthusiastic engineering graduate with good knowledge in coding. A quick learner with a solid understanding of Java, Python, JavaScript, and Web Development tools. To gain experience in various technologies and secure a challenging position that utilizes my knowledge, while allowing me the opportunity to grow professionally.

CERTIFICATION

- The Complete 2023 Web Development Bootcamp on Udemy
- Attended Workshop in Front end Web Development- Conducted by Technovids
- 100 Days of Code: The Complete Python Pro Bootcamp

SKILLS

- Time Management
- Communication
- Flexibility and Adaptability
- Problem Solving

LANGUAGES KNOWN

- Tamil (Native)

Proficiency : Read | Write | Speak

- English

Proficiency : Read | Write | Speak

EDUCATION

Degree: Bachelor of Technology
Stream: Electronics and Communication Engineering
College: Sastra Deemed To Be University
Duration: 2019-2023   **CGPA:** 7.62

Grade: 12 - HSC
School: Town Higher Secondary School
Duration: 2018-2019
Percentage: 69.66%

Grade: 10 - SSLC
School: Vallalar Higher Secondary School
Duration: 2016-2017
Percentage: 87.2%

TECHNICAL SKILLS

Programming Languages: C,C++,Java,Python,JavaScript,SQL

Web Development: HTML,CSS,Express,Node

Frameworks / Libraries: Spring, React

Development Tools: Git

ACADEMIC PROJECTS

Project Based on Machine learning : **An Ensemble Based Machine Learning Model for Chronic Disease** June 2023

Project Based on Convolutional Neural Network: **CNN based Speech emotion Recognition** June 2022

DECLARATION

I hereby declare that the details mentioned above are in accordance with the truth and fact as per my knowledge and I hold responsibility for the correctness of the above mentioned particulars.
